1 Instructions

The report should use this template and be 8 pages in length. Do not change the fontsize or layout. It should be compilable with pdflatex.

Structuring the text as follows is likely useful, but definitely *not* a requirement.

- Introduction
  - description of the task/objective
  - relevant background and related previous work
  - explanation of the significance/relevance of the objective/task
- Data preparation
- Exploratory data analysis
- Learning methods
- Results
- Conclusions
